(a)
Real base rate (1.93%), evaluation founders
Held-out $F_{0.5}$
Successes in the sample
equal-weight vote
elastic net
(b)
Base rate fixed at 5%, evaluation founders
Held-out $F_{0.5}$
Successes in the sample
equal-weight vote
elastic net
(c)
Base rate or sample size held fixed
Vote minus elastic net (held-out $F_{0.5}$)
Successes in the sample
1.93% fixed
5% fixed
9% fixed
n fixed (3,160)
(d)
158 successes, base rate raised
Base rate (%)
(e)
Same questions chosen across folds (n = 3,160)
Share of chosen questions two folds have in common
Successes in the sample
vote: questions it selects
elastic net: non-zero weights
